70 - 79%	= C

Las ausencias y las tardanzas:

In order for you to learn, you must be present and on time for class. It is impossible to make up the direct instruction and interactive assignments that are covered in the classroom. If you know in advance that you are going to be absent, see me immediately for outside work. In the event of an unexpected absence on the day of a major assignment, you must email your work to me by 3:10 pm of that school day (wagnera@galileoweb.org). Late work for major assignments will not be accepted otherwise. In the case of any absence, you are still responsible for all work covered in class. Copy down the names and contact information of at least two other class members in case you need to inquire about missed work.

If by some chance you are absent or late for class, I expect you to do the following:

La ausencia

1. The day you return to school, you must have a written excuse from your parent/guardian.*
2. Your note must be processed by the attendance office and the readmit slip you are provided in exchange must be signed by me within 3 days.
3. Inquire about all missed work—it is your responsibility.

*See attendance office for a more complete description of school-wide procedures.

La ausencia sin excusa

Missed assignments can only be made up if absences are excused. **Inevitably, unexcused absences will result in a lowered grade.**

La tardanza

1. Enter quietly.
2. Quietly get out your materials and begin to participate.
3. Ask a classmate for any missed information after class.

Please, once you realize that you are going to be late, do not compound the problem by disrupting the class. **Inevitably, excessive tardiness will result in a lowered grade.**

This course requires the involvement and enthusiasm necessary for studying a new language; your organization, regular and punctual attendance, and diligence is required. For your benefit, I am available for outside help during office hours—see me to schedule an appointment. I hope you find this course enlightening and rewarding.
